NEETER
HOUSE OF LUXURY

Transforming Ideas into
Luxury Realities

ABOUT US

Luxa Interiors specializes in luxury retail spaces, particularly for jewelry stores, elevating the brand experience by combining creativity and fine craftsmanship.

Our experienced architectural team successfully manages comprehensive retail projects, while our skilled lighting engineers deliver innovative and impactful design solutions.

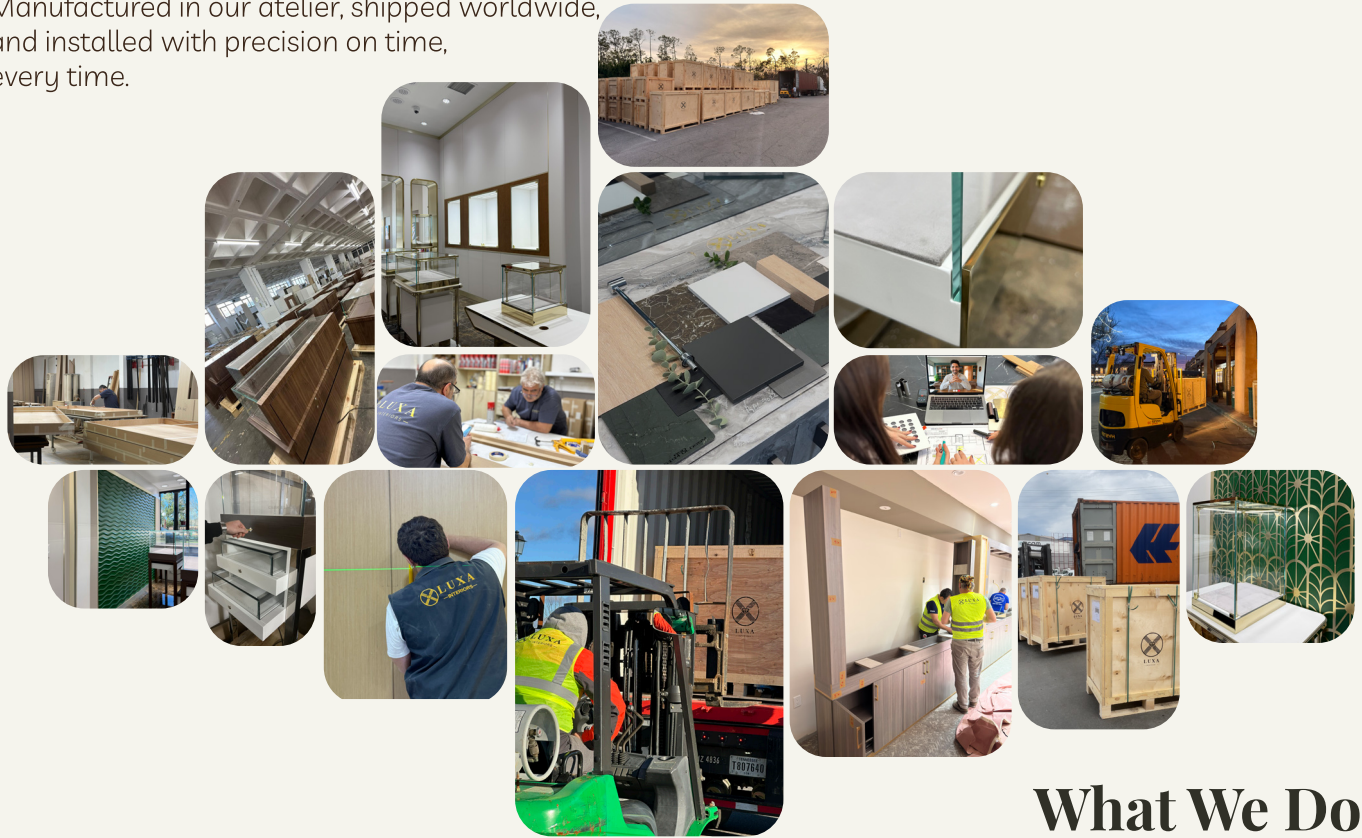

To ensure durability and elegance together, we produce high-standard furniture using only top-quality materials.

In addition, our strong logistics team manages the entire process flawlessly from the initial design stage to global delivery, bringing your vision to life with precision.

Who Are We

Manufactured in our atelier, shipped worldwide, and installed with precision on time, every time.

What We Do

Operating across the USA, Europe, and the Middle East, we transform luxury retail and commercial spaces through bespoke design and expert execution.

Our References

20+ global retail partners

20+ years of production experience in the luxury segment

We establish long-term partnerships with the world's leading jewelry brands..

Luxa Interiors: Your Global Partner in Over 20 Countries

Through our close collaboration with clients around the world, we transform an empty space into the heart of your brand.

We manage all processes in-house from A to Z, adding value to every step of your project with innovative design, premium-quality manufacturing, and professional installation phases.

How We Work

Consultation

We begin with a deep dive into your brand, vision, and space requirements. Our team visits your location, understands your customer journey, and defines the project scope together.

Design

Our design team creates detailed 3D renderings, material boards, and technical drawings. Every element from display cases to lighting is crafted to elevate your brand identity.

Manufacturing

Precision manufacturing in our state-of-the-art facility. Every component is built to exact specifications using premium materials such as wood, brass, glass, and stone with rigorous quality control.

Installation

Our dedicated installation team handles logistics, shipping, and on-site assembly worldwide. We ensure a seamless handover so you can open on time, every time.

PROJECT JOURNEY

Luxa Interiors implements a comprehensive, 8-step process to ensure every luxury retail project is flawlessly executed.

FROM CONCEPT TO GLOBAL DELIVERY

1. Concept & Vision

Initial Consultation: Meeting with the client to discuss their vision and requirements.

Site Survey: Conducting site measurements and evaluations as needed.

Sketch: Every project begins with a sketch.

3. Detailing & Modeling

3D Design: Every concept takes shape in 3D.

Shop Drawings: Detailed drawings are prepared for all connections and details.

2. Design & Material Selection

Layout Planning: Store layout is planned by dimensions.

Design Development: Our team creates the concept.

Material Selection: Materials and sample boards are prepared.

Client Meetings: Designs are presented for feedback.

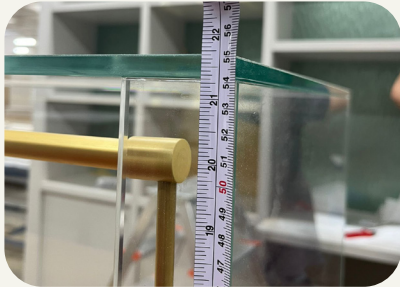

4. Production

Production Phase: Manufacturing of the approved designs commences.

5. Quality Control

Meticulous Monitoring (During Production): The production process is meticulously monitored to ensure quality standards are met.

6. Shipment & Logistics

Shipment Preparation: Every finished piece is carefully prepared for shipment.

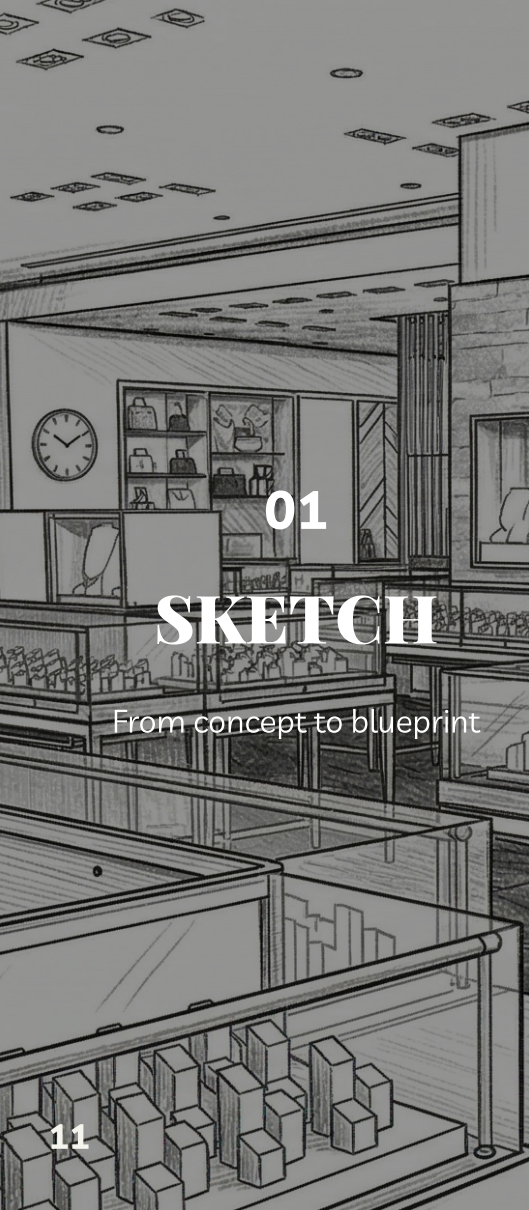

7. Installation

On-site Installation: Logistics are coordinated and the piece is installed with precision on-site.

8. Final Inspection

Quality Control (Final Check): Every detail is inspected to ensure perfection.
